GREAT WELCOME
FOR TOURISTSInformal Luncheon, Magnificent

Will Be the Features.GREATEST AUTO PARADE
IN HISTORY OF ATLANTAFrom the Pledges Already Re-
ceived, It Is Evident That
There Will Be in the Neigh-
borhood of One Thousand
Cars in Line Next Wednes-
day.

There will be an informal luncheon, a magnificent banquet and a cavalcade of automobiles to welcome Atlanta's state visitors—those who are coming with The Constitution's Good Roads reliability contests next week. Atlanta will surrender unreservedly to Good Roads' enthusiasts and devotees of the automobile in Georgia.

The details of the celebration were outlined yesterday afternoon at a meeting of the entertainment committee of the Chamber of Commerce.

In uniqueness, in magnificence, in the utmost minutiae of warm hospitality, the reception the capital city of the state will give to the men who occupy the cars in The Constitution's Georgia Automobile Good Roads' contests will surpass anything in the city's history.

Informal Luncheon on Arrival.
It is estimated, at a minimum, that more than 200 cars of every description will enter The Constitution's state contests. The contests will end at the club house of the Atlanta Automobile Association at the Speedway Tuesday afternoon. Here the cars will be officially checked in.

Following this ceremonial, drivers, observers and occupants will, as they arrive, be entertained at an informal luncheon on the grounds of the Atlanta Automobile Association.

This function concluded, they will witness the afternoon races of the first day, a splendid card having been arranged.

After the races the contestants and their friends will be free to return to Atlanta to remove the dust of combat and mingle with the people of the city.

Official Reception.
Wednesday morning Atlanta's formal reception to the visiting automobilists of Georgia will be given. At 10 o'clock all the contestants, the observers, the occupants-at-large of their cars, as well as the owners, drivers, passengers in and occupants of every other visiting car then in the city will park at a designated place in the heart of Atlanta.

They will be met by the automobile contingent of Atlanta. Already several hundred owners of Atlanta machines have signified an intention to participate in this welcome. Every automobilist in Atlanta is invited, and it is assured that with the 200 contesting cars and the other visiting cars, approximately 1,000 cars will be in the welcoming line.

Through the heart of bunting-covered Atlanta this great spectacle will move to the music of bands. It will present a spectacle of such variety and proportions as will set a new high-water mark for pageants in this city of pageants.

All the local automobilists are cordially invited to make the entire trip to the Speedway. Should business or other reasons make it impossible for them to make the whole trip, it has been arranged for those so desiring to leave the cavalcade at a convenient point in the suburbs and return to the city.

A Great Day of Racing.
The races at the Speedway do not begin until 11:30 o'clock Wednesday morning, so that the assembly hour of 10 o'clock affords ample time to gather and make the trip in orderly fashion to the big automobile saucer.

Many of the most hair-raising events have been planned for this second day, and the automobilists from all over Georgia will enjoy the pleasure of witnessing this kind of sports in its most thrilling phases.

Banquet Wednesday Evening.
Wednesday evening at 8 o'clock comes the crowning social feature of the invasion of Atlanta by Georgia automobilists.

At that time, the participants in the contests will be tendered at the Piedmont Driving Club one of the most magnificently-appointed banquets ever held in Atlanta, with covers planned for 500 guests.

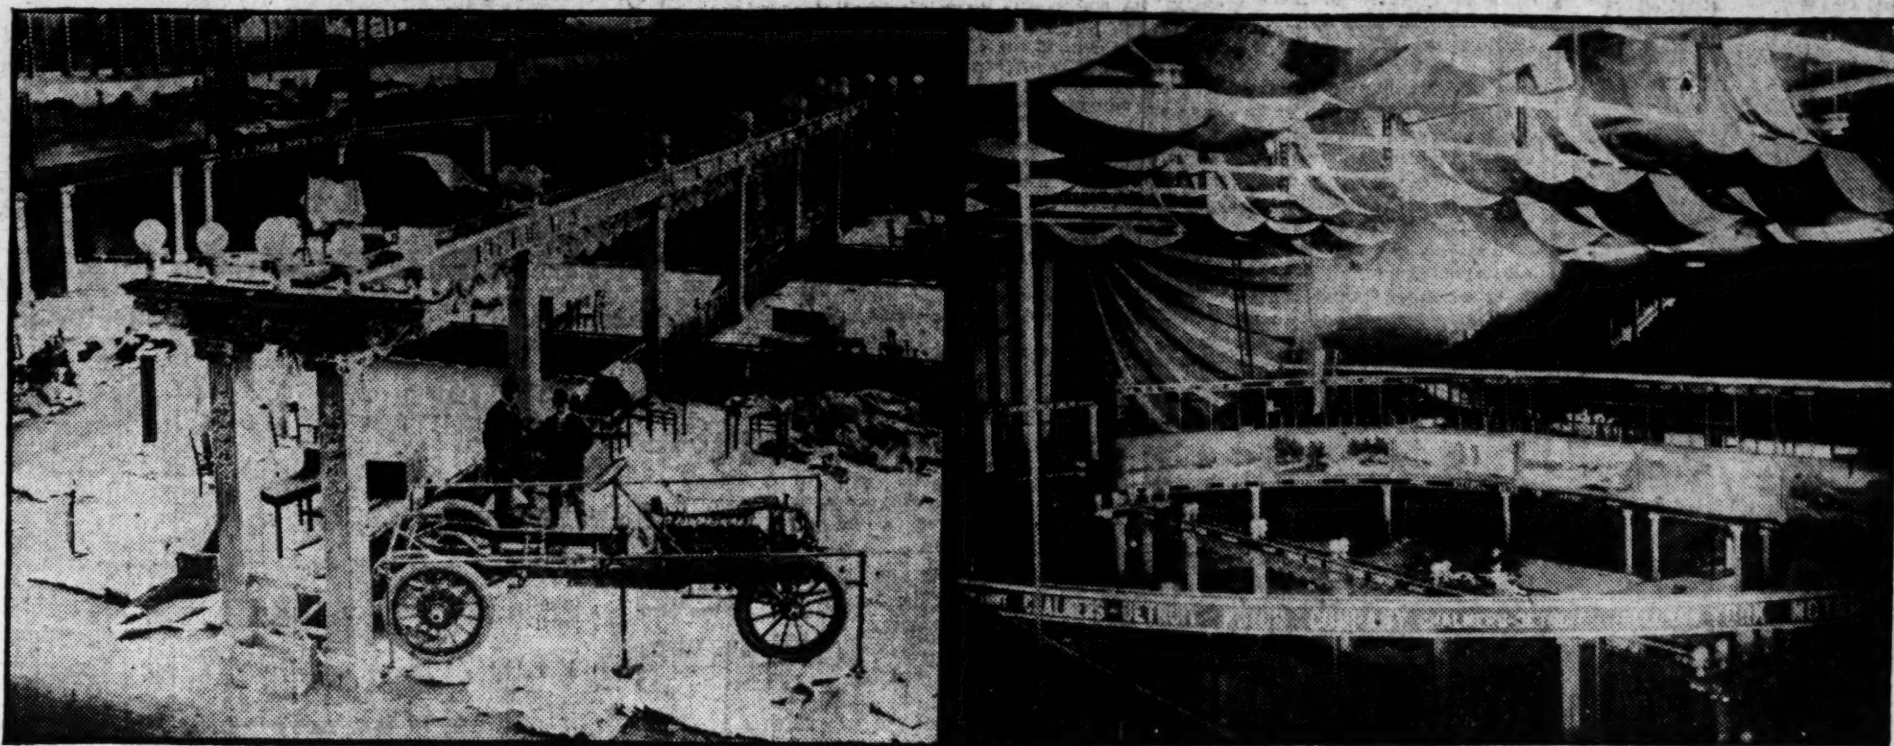

Here there will be a general, genuine Georgia jollification, toasts innumerable and informal discussion of the objects and aims and accomplishments of the Georgia Automobile Good Roads Association, and the general cause of highway improvement and extension in Georgia.

These are the broad outlines of the most memorable reception to and gathering of automobilists in Georgia. The program, as already planned, celebrates appropriately the new epoch of greater highway building in this state.

Shared the Honors With
President Taft.

Savannah, Ga., November 4.—President Taft traveled through central and southeastern Georgia this Indian summer afternoon through woods rich in the warm reds, golds and brown of autumn.

He spent the forenoon at Macon, where he declared he was glad to be back in Georgia again, and felt thoroughly at home in the state whence he went to Washington last March to assume the oath of office.

The president arrived here at 7:45 o'clock tonight, and began his eighteen-hours' stay in the city with an elaborate banquet at the DeSoto hotel. Tomorrow the president will be taken for a sail over the harbor, will have a spin around the famous automobile course over which the Grand Prize races were run last fall, and will have lunch at the Thunderbolt Casino.

Savannah is the farthest south the president will go, and when he leaves here at 2 o'clock tomorrow afternoon he will return at least toward Washington, where he is due to arrive next Wednesday evening.

Macon's Great Welcome for Taft.
Georgia has proved no exception to the other southern states President Taft has visited in extending to him a series of welcomes equal to those he has received in any section of the country.

In Macon this morning it seemed as though the country for miles around had been deputized to make up the throngs that gathered in that city. At every one of the numerous stops between Macon and this city there were large depot throngs out to greet the president and cheer the few words he had an opportunity to utter before the train moved out. Here tonight the president was met by another great crowd. During his stay in Savannah, Mr. Taft is the guest of General William W. Gordon, an old family friend.

Governor Joseph M. Brown met the president at Macon and made the trip with him to this city. Representative Bartlett also came with the president, along with a committee of citizens from this city who went to Dover to extend Savannah's welcome.

The president breakfasted this morning at the Bartlett home in Macon, partaking of a spread prepared under the direction of J. S. Bartlett himself, and commencing a list of southern delicacies that caused the president to declare that if all well-to-do Georgia people breakfasted like that, he wondered that such good old institutions as dinner and supper had any vogue at all in this section.

Taft Refused a Mint Julep.
Mr. Taft withstood the temptation, however, of a mint julep that had been brewed with consummate skill and which reposed apparently harmless in a green-topped glass that had perfect barnacles of frosting on the outside. He took the julep in his hand for a moment, but that was as far as he got.

DR. J. M. ELLIOTT
TRIES SUICIDE

LaGrange, Ga., November 4.—(Special.)—Dr. Judd M. Elliott, who is sentenced to pay the death penalty on a charge of murder, today for the first time in his life, was hanged tonight by taking a grain of mercury in tablet form.

The condemned man was found in an unconscious condition in his cell at 7 o'clock tonight. It was at first thought he was dead, but after two physicians were hurried to the jail he was restored to consciousness. It is thought he will recover. Elliott must have taken the poison after 5:20 o'clock, for he was last seen by the jailer at that time. Unless he improves very greatly by tomorrow there is some doubt as to whether he will be hanged.

PATTERSON OFFERS TO PAY
FUNERAL EXPENSES OF MAN
WHO WILL BE HANGED TODAY

Moved by the pathetic appeal of the mother and sister of Dr. "Judd" M. Elliott, of LaGrange, who is to hang in Troup county today for murder, and by their statement to Governor Brown that if Elliott was hanged this week they could not raise the money to defray his burial expenses, a generous-hearted Atlantian has come to the rescue.

After reading the letters of Mrs. L. P. Elliott and Flossie L. Elliott, published in The Constitution, H. M. Patterson, of Atlanta, head of the firm of funeral directors which bears his name, phoned the governor he would see that the wishes of the distressed relatives were carried out.

The relatives of Elliott are very poor. His sister works in a shirt factory in Atlanta. She said that the fifteenth of the month she would have enough money to ship her brother's body to his boyhood home in Chattanooga, Tenn., and give him a decent burial, and pleaded that the execution of the sentence be delayed until that time.

Elliott will be executed between the hours of 10 and 2 on Friday, in the yard of the Troup county jail.

Trial of Loden Postponed.
Toccoa, Ga., November 4.—(Special.)—Trial of Elbert Loden, for the murder of Bill Smith, has been postponed until next May. The case was called in Stephens superior court today, but it was found several witnesses were absent.

Gassaway, W. Va., November 4.—In an effort to save from lynching the two negro suspects being held as possible accomplices in the assault upon Mrs. George Lockhold, of Exchange, company B, of the state national guard, whose members are composed of residents of this place, is on guard tonight at the town jail, while company A, of Wheeling, is being hurried here. Governor Glasscock and two members of his staff arrived at 9 o'clock and the little community is practically under martial law.

At the jail the two negroes, who give their names as Scott Lewis and A. Johnson, are being guarded by twelve deputies.

Call for Governor.
Throughout the town parties of men heavily armed are roaming the streets, needing only a leader to batter down the jail doors and take the two negroes forcibly from their guards.

Upon the arrival of the governor the streets became lined with a surly crowd. Governor Glasscock addressed the crowd, asking that the law be allowed to take its course.

His remarks were greeted with cat-calls from the crowd.

Passing up the main street of the town, the governor was not met with cordiality. As he reached the jail steps he turned to the captain of the Gassaway military company and asked him if his men were prepared for serious trouble and were ready to protect the jail with their lives, if necessary.

Soldiers Will Not Shoot.
The captain of the company said his men had voted not to shoot their fellow townspeople, even though commanded to do so, but would protect as best they could, without shooting, the negroes in the jail.

The captain said his men were in a virtual state of mutiny, and would be severely censured for their action. The captain replied he had done the best he could with his men, but they were firm in their determination not to kill their friends in the little town.

Late tonight the town was thrown into total darkness, the result of the smashing of a gas regulator with an axe just outside the city limits.

Workers while repairing the damage, met 150 mounted and armed men, who asked when the negroes would be removed to Sutton for safe-keeping. It is thought if an attempt is made to surreptitiously to take the prisoners to the county seat during the night the party will be ambushed.

Bound Husband Outraged Wife.
The attack on Mrs. Lockhold was brutal. After breaking into the house, the three negroes tied the husband and foot and before his eyes ill-treated his wife. Soon after the negroes departed Lockhold freed himself and summoned aid among the farmers. One of the men, Charles Lewis, was traced to a small store in the vicinity of the Lockhold home and was shot dead. Several hours later the men now under arrest were captured.

Speeding toward Atlanta on special trains, to be present at the opening of the Automobile Show on Saturday afternoon, are several scores of magnificent steel annihilators of time and distance, and several hundred of the men who make them.

This afternoon special trains will arrive over both the Southern and Seaboard from New York, bringing some of the leading automobile manufacturers of the country, expert demonstrators, salesmen and mechanics. Other special trains are coming from Chicago and St. Louis, bringing the western delegation, who will attend the opening of the initial Automobile Show of the season. Still others are coming via Savannah by boat and rail.

The Auditorium-Armory has been converted into a veritable fairland and turned over to the men who will install the exhibits. This work is going ahead splendidly. Every exhibitor knows his location, and expert salesmen are arranging cars and accessories to show to the best advantage.

Opening Saturday Afternoon.
A number of special invitations have been sent out for the official opening on Saturday afternoon at 2:30. While several hundred guests will be admitted to the exhibition, there is room for some several thousands of other citizens who wish to see the curtain-raiser.

Big manufacturers who have traveled hundreds of miles to personally inspect the products of the big plants their brains and energy have perfected, will be in attendance, as will local captains of industry, famous race track drivers, state and city officials, representatives of Georgia's most exclusive society element, city salesmen, agents and demonstrators.

It will be a noble gathering, paying tribute to the genius which has made it possible for every man to have his private car and enjoy the use of a railway system that includes all the passable roads of the world.

The Opening Exercises.
Mayor Robert F. Maddox will deliver the opening address at 2:30 o'clock that afternoon. S. D. Waldron, president of the National Association of Automobile Manufacturers, will preside and introduce the speakers.

Following Mr. Maddox, Colonel Asa G. Candler will, on behalf of the local committee, officially declare the show open. The Fifth regiment band will intersperse the speeches with popular selections, including "America," "Dixie" and the "Star Spangled Banner."

The admission fee for the opening day will be the same as for other days, 50 cents. On Wednesday, Society day, the admission will be increased to \$1.

NORTH DAKOTA CASHIER ROBBED

OCEAN FLYER OF \$14,156

Rockland, Maine, November 4.—The North Dakota is the fastest battleship of the Dreadnaught type afloat, as well as one of the two most powerful battleships in the world. Her screw standardization tests over the Rockland measured mile course today developed a maximum speed of 22.2 knots and an average of 21.833. Both marks are in excess of the best performances of either her sister ship, the Delaware, or the Bellefleur, the leading Dreadnaught of the British navy.

In attaining this surprising speed, the turbine engines of the North Dakota were forced to the development of more horse power than has been reached by any battleship afloat. A maximum of 35,150-horse power was recorded, while 33,875-horse power was the mean amount. The maximum number of revolutions of her propellers was 286 a minute. It was found that 263 revolutions in this time were sufficient to maintain the contract speed of 21 knots.

The North Dakota, by her performance today, takes precedence as a general first-class battleship over any other afloat. Her sister ship, the Delaware, which was given trials over the same course on October 23, was in uncertain possession of this honor by her trial performances, but the figures recorded by the North Dakota today surpass those of any other Dreadnaught.

There is but one such battleship afloat at the present time whose attainments may exceed those of the North Dakota.

This is the Neptune, just launched for the British navy.

Within six months it is expected the North Dakota and the Delaware will take their places in the van of the American navy's line of seafighters, and will then rank as the greatest battleships in commission throughout the world.

1 KILLED, 2 HURT IN GENERAL FIGHT

Quitman, Miss., November 4.—Details of tragedy further than at first reported were brought here today by parties in search of the slayers of W. M. Doggett near Silas, Ala., Tuesday night.

It was reported that another man named Evans had been found dead on the roadside not far from Silas and that Brooks and Bud Koger, who, badly wounded, were carried to Shubuta, Miss., by two men named Kennett and Phelps early Wednesday, were not injured in a free-for-all fight as was at first supposed.

Attempted Robbery.

It is alleged that the two Kogers, Evans, Kennett and Phelps attempted to rob the home of John Graham, an old negro, living near Silas, Tuesday night. Graham, it was rumored in that community, had considerable cash in his house. The negro was called to his door and then struck down. His son, living a short distance away, was attracted to the place by the cries of the family. As he approached he was met with a volley of shots. He then secured a gun and returned the fire. Evans was killed, Brooks Koger was perhaps fatally disabled, however, he felled Bud Koger to the ground with the butt of his gun. At this juncture, it is claimed, Kennett and Phelps came out of the house and placed the two wounded men and the body of Evans in the hack which had brought them there.

Kennett and Phelps, who were lodged in the county jail here, declined to discuss the affair other than to assert that they were not with the Kogers when the latter were wounded and did not know how they had received their wounds. It is said that the men are natives of Wayne county, Kentucky. They have been employed in the stove business in this section for several years. Kennett and Phelps will be held here awaiting regulation papers from the governor of Alabama.

The attendant: "You mustn't handle the musical instruments, Mr. Visitor. Oh, don't you be afraid—I can't play 'em!"—Cleveland Plain Dealer.

Niagara Falls, Ont., November 4.—William Dobson, cashier of the Canadian Express Company, was sandwiched here this morning in the company's office at the Grand Trunk station and a package containing \$14,156 taken from him by two unknown men. The robbery was committed in broad daylight, with a score of the station employees within 20 feet of the office.

Dobson was alone at the time when the men entered the office. One asked about a trunk, and as Dobson stooped to get his book one of the men reached over the counter and hit him behind the ear with a sand-bag or a piece of gas pipe. Five minutes later Dobson was found unconscious on the floor.

The money stolen was from the Imperial bank branch in this city, and St. David's, Ont., and was bound for Toronto and Buffalo banks.

Death of Miss Jessie Holmes.

Macon, Ga., November 4.—(Special.) Miss Jessie Holmes died this morning at the family home on Forsyth street, after a lingering illness. Many friends were shocked at the death. She is survived by her mother, Mrs. C. E. Holmes and three sisters, Mrs. J. W. Riseout, Miss Carrie Holmes and Mrs. Frank Hardeman. The funeral will occur tomorrow morning at the residence, Rev. J. A. Smith, pastor of the Vineville Methodist church, will conduct the service. The remains will be laid to rest in Rose Hill cemetery.

The lady member of the legislature will, of course, head the committee on hats and bonnets.

Slow Digestion

A Frequent Form of Stomach Trouble Readily Cured by Stuart's Dyspepsia Tablets.

This complaint constitutes one of the most common forms of dyspepsia. It is the basis of those who ignore natural laws, and forget that the healthy action of the stomach is dependent on the condition of both body and mind. Those whose pursuits oblige them to pass much of their time within doors; men of letters, and of business, whose minds are seldom perfectly relaxed; administrators, speculators, financiers, and the various professional men fall ready victims to it.

Slow digestion occurs in persons of all temperaments and habits, but oftenest in those of irritable, or nervous disposition, and anxious aspect of countenance, who are peculiarly characterized as "dyspeptic looking." Eating too rapidly is a common, exciting cause of the disorder, as is also imperfect mastication of food from loss of teeth.

There is also a deficiency of the gastric juices, and an insufficiency of the motor and muscular, or churning movements of the stomach walls, and the food remains entirely too long in this organ, instead of being passed down into the small intestine at the proper time.

Even a dinner not exceeding the ordinary limits is followed at varying intervals, but usually within an hour, by a feeling of weight and oppression in the stomach. For several hours afterward the person experiences decided discomfort, and should even a light supper be taken, horrible night-mare and troubled dreams are certain to result.

"I should be quite well, if it were not necessary to eat," is a common statement made by sufferers from this form of stomach complaint. Many of them actually dread the approach of meal time, knowing what disagreeable symptoms they are sure to experience after eating; and would doubtless discontinue the ingestion of food into their stomachs altogether if they were possible to live without eating.

There is really no necessity whatever for depriving one's self of the pleasures of the table, or of depriving the rest of the system because the stomach is derelict in its duty, and does not digest the food as quickly or as thoroughly as it should.

Stuart's Dyspepsia Tablets compel the stomach to perform its functions properly and assist it very materially in the discharge of its duties, a single grain of the principal digestive ingredient of the tablets being sufficient to digest 3,000 grains of food. They not only digest the food, however, but also tone up and strengthen the peptic glands, and the motor functions, so that the food will not remain in the stomach longer than necessary. Every case of slow digestion and all other forms of dyspepsia are readily curable by the use of these tablets, which make up the gastric deficiency, and supply the disordered stomach with exactly the same digestive juices that are found in a healthy, vigorous stomach.

Purchase a package of these wonderful tablets from your druggist today for 50 cents and cure yourself of your dyspepsia. Send us your name and address and we will forward you a sample package free. Address F. A. Stuart Company, 180 Stuart Building, Marshall, Mich.

IN HAVEN OF MATRIMONY THEIR WANDERINGS END

New Orleans, November 4.—(Special.) Fulfilling, it is said, a promise of marriage made prior to their departure from Atlanta, Ga., N. C. Hill, Jr., of Hattiesburg, Miss., today voluntarily wedded pretty 17-year-old Lalla Vollmer, of Atlanta, with the consent of Miss Lalla Vollmer, the elder sister of the young girl, who arrived here Wednesday night. The ceremony was performed in the presence of a number of witnesses in the first city court by Judge Val J. Stents.

Immediately after the ceremony, Hill, accompanied by his bride, was escorted back to the criminal courts building by detectives, as he is now held by the police authorities on the charge of passing a worthless check in Monroe, La. He will be sent to that place to face the charge against him tonight, and hence the sudden parting with his bride.

News received in this city from Hattiesburg, Miss., is to the effect that Hill comes of a good family, being the son of a prominent lawyer of that place.

His inclinations have been wild, however, and he is accused of having passed a number of worthless checks. His family have already interested themselves in his welfare and it is said that an effort will be made to settle the charge pending against him in Monroe and other places, as the amounts involved are not large.

Miss Lalla Vollmer, in speaking on the program, among them "A Hot Time in Cabin Row," a short negro act by Milton McGovern.

Tickets, costing 75 cents, can be secured at the door from any member of the Boys' High school.

HIGH SCHOOL BOYS GIVE MINSTREL SHOW TONIGHT

Everything is in readiness for the Boys' High school vaudeville performance, to be held in the Girls' High school tonight at 8:15 o'clock.

The boys had a dress rehearsal Thursday afternoon, and one Thursday night. There will be another rehearsal this afternoon before the real performance. Everything is expected to go off without a hitch. The advance sale of tickets is very encouraging.

One of the features of the show

will be the comedy sketch entitled, "Pyramus and Thisbe," from Shakespeare's "A Midsummer Night's Dream." Messrs. James C. Manly and Lawrence Jones have the party of Thisbe and Pyramus, respectively, in this act. There are several original numbers on the program, among them "A Hot Time in Cabin Row," a short negro act by Milton McGovern.

Tickets, costing 75 cents, can be secured at the door from any member of the Boys' High school.

TRIBUTES PAID AUTO TOURISTS

Visitors Entertained at Capital City Club.

Broadway-to-Whitehall Travelers Are Welcomed to City by Mayor Robert Maddox. Loving Cups Presented to the Newspapers.

A beautiful entertainment last night was that given at the Capital City Club in compliment to the visiting autoists of The Journal-Herald tour.

At the reception assembled a company of two hundred people, and they were seated for a handsome supper at small tables in the ball room.

There elaborate decorations prevailed, the orchestra gallery being hung with bamboo, while palms were massed at intervals, and tall vases were filled with chrysanthemums. Red and white the colors on all sides in decorative evidence, and there was gay music by an orchestra.

Gracious Toasts Offered.

Gracious toasts were offered the guests of the evening, who had made the record-breaking trip from New York, and to the hosts who extended this typical expression of hospitality.

"Good Roads" enthusiasm and the spirit of enjoyment characterized the occasion, which was one of social brilliance.

Colonel Asa G. Candler, president of the Chamber of Commerce, presided as toast master, and in bright little talks introduced the list of speakers.

Welcome by Mayor Maddox.

Toasts were responded to by Mayor Robert Maddox, who welcomed the visitors to Atlanta; by Jack Cohen, by James R. Gray, by ex-Governor Hoke Smith, by Winthrop E. Scarlett, referee of the long tour; by Hamilton Peltz, of the New York Herald, and by State-Geologist Pratt of New York.

On behalf of the people of Atlanta a loving cup was presented to The New York Herald by ex-Governor Hoke Smith, Hamilton Peltz receiving it, and another loving cup was presented The Atlanta Journal by Mayor Robert Maddox, James R. Gray accepting it for that paper.

Resolutions praising the national highway and endorsing the work of the two papers, under whose auspices the New York-Atlanta tour was conducted, were offered by Walter Cooper, secretary of the Chamber of Commerce.

CRUMP IS ELECTED MAYOR OF MEMPHIS

Memphis, Tenn., November 4.—Edward H. Crump, at present a member of the fire police commission, was elected mayor of Memphis today by a narrow majority of 79 votes. Mr. Crump received a total of 5,893 votes, while his closest competitor, former Mayor J. J. Williams, received 5,814. The election was one of the closest and most exciting held in this city in recent years. The other three candidates, former State Senator Walter W. Talbot, Cornelius Simon, socialist candidate, and A. N. Radford, only received small votes, at no time figuring in the contest.

Notwithstanding persistent rumors late today, no attempt was made to raid the ballot boxes, although tonight they are closed, guarded by a detail of police in the rooms of the election commissioners at the Shelby county courthouse. Several arrests were made for alleged violations of the election laws, but the only incident of note was an affray between Mr. Crump and a negro voter. Mr. Crump struck the negro after he had been called a villain and was later charged in a warrant with committing an assault and battery on the negro. The negro was arrested on a charge of violating the election laws.

Next thing Professor Matt Henson will have to come down to shaking oysters.

WARRINER BLEED BY BLACKMAILERS

Thousands Extorted From Big Four Treasurer.

Man and Woman Involved in the Conspiracy — Railroad Treasurer Took \$100,000 of Company's Money to Satisfy the Blackmailers.

Cincinnati, Ohio, November 4.—In the presence of his wife and officials of the Big Four railway, C. L. Warriner, deposed local treasurer of the road, is said to have confessed that the shortage of his accounts, estimated at over \$100,000, was due to his paying blackmail to a man and a woman for the last three years.

Warriner, accompanied by two detectives, arrived from New York last night, but his whereabouts at present are not known.

In his confession, Warriner is said to have stated that he paid the blackmailers in all \$75,000. The man to whom this money was given is said to have been an old employee of the Big Four, and to have had knowledge of an earlier shortage in Warriner's accounts. For keeping silent about this shortage, he demanded and received from Warriner large sums. He is said to live in Chicago. Steps will be taken to arrest him.

The woman in the case left Cincinnati shortly before Warriner arrived from New York. She is under surveillance and may be arrested at any time.

General Counsel J. L. Hackney, of New York, who is directing the road's interests, said:

"I cannot say whether there will be any prosecution. All that part of the affair is being managed in New York. I am waiting now to hear from them what definite steps to take."

Warriner, who lived at Wyoming, Ohio, ten miles north of Cincinnati, has been a prominent church man.

Woman Burned to Death.

Bristol, Tenn., November 4.—A special from Gate City, Va., says that Mrs. Isaac Smith, the wife of a young farmer at Pattonville, in that county, was burned to death this afternoon while making soap. Her dress caught from a fire under a big kettle of soap, and she died from the burns received.

DOLLS STYLED JUST DOLLS AND ARE NOT TOYS AT ALL

Washington, November 4.—Dolls are just dolls, and not toys at all, according to a decision of the treasury department today, and thereby importers are saved the difference between 35 per cent and 60 per cent ad valorem duty.

It has been a weighty subject with the customs officers at New York and the solemn board of general appraisers. The trouble all arose from a too sparing use of periods in framing the paragraphs in the new tariff law governing dolls and toys. The same ruling holds as to doll heads, for they also are held to be taxable at only 3 per cent. Collector Loeb found an invoice of decorated china dolls the other day, and he sought some light. "Are dolls composed of china, porcelain, parian, bisque, earthenware, stoneware and crockeryware dutiable under the paragraph 431, at 35 per cent, or paragraphs 53 at 60 per cent?" he inquired. "Thirty-

five per cent," declares the treasury. Rubber dolls, too, come under the same duty under a paragraph of the Dingley law. The department has advised Collector Loeb that dolls and toys are differentiated for classification purposes, and that dolls and doll heads "of whatever material composed," are subject to the lower rate, though toys "come higher."

Funeral of Prince Ito.

Tokio, November 4.—Followed by representatives of the emperor and emissaries of Japan, ambassadors and others directed to personally represent their governments, the body of "Ito" was conveyed to its resting place today. The burial, conducted with the Shinto rites, was made at the mausoleum erected at the late country residence of the prince in Omori, a suburb of Tokio. The ceremonies were most imposing.

GERMAN CROWN PRINCE CALLED "FINE FELLOW"

Orville Wright Talks of Flight With the Kaiser's Heir.

New York, November 4.—Orville Wright, who returned to this country today on the steamer Adriatic, spoke of his experience in flying with the crown prince of Germany.

"The prince," he said, "is a fine fellow and a good sport. As we ascended he kept urging me to go higher. We were up about eight minutes altogether, but I did not dare rise above a height of 80 feet with so precious a passenger by my side."

Mr. Wright said he witnessed or assisted in 50 flights by his European pupils.

Too Hard Work.

He was troubled with indigestion, and the physician had told him to drink hot water half an hour before meals. When the doctor called a few days later and asked how Pat was getting on, his wife responded: "Skure, doctor, I think he be some better, but it's hard on him to be a whole half hour. Couldn't you cut it down to twenty minutes?"

PELLAGRA KILLS PORCUPINE AT THE GRANT PARK ZOO

The dread pellagra, it is believed, has invaded the Grant park zoo, and one of the valuable porcupines has succumbed to the disease and died.

The park board has issued an order to stop feeding the animals with cornbread or meal, and hereafter only stale wheatbread will be given to such animals as eat cereals.

General Manager Dan Carey reported to the park commission about the porcupine's death, and he stated that the animal broke out in sores over its body, and that there were other symptoms, going to show that the disease was pellagra.

The porcupines have been fed on cornbread and corn meal, this being almost their exclusive bill of fare. They were well housed, with plenty of air and sunlight, and a place to which they could retire in cold weather. A

pair of them were bought two years ago, and they made quite a valuable addition to the zoo.

Several weeks ago one of them began to show signs of sickness. It remained in its cavern most of the time, and finally became so ill that it could not raise its quills when teased. It broke out in sores, and last week it died.

In making his report to the park commission, General Manager Carey said that he felt convinced that the feeding of corn meal and cornbread to the porcupines was the cause of death. He said that he had talked the matter over with physicians and veterinarians, and they all believed that the porcupine had been attacked by pellagra.

Arrangements will be made with the local bakeries to furnish the zoo with stale wheatbread, and hereafter no products of corn will be fed to any of the animals.

GREAT REUNION PLANNED OF LEGISLATURE OF 1884

An extraordinary session of the state legislature of 1884-5 may be called at an early date by Governor Henry D. McDaniel.

Such an occurrence will be most unusual, but it was discussed very seriously at a meeting held yesterday in the office of Judge Richard B. Russell, of the court of appeals, attended by Judge John C. Hart, attorney general of Georgia; ex-Governor William J. Norther; John W. Lindsay, pension commissioner, and T. H. Niblack and Colonel B. F. Abbott, of Atlanta. All the above were members of that legislature.

For the business in hand, these gentlemen decided that Governor Brown, the present administration, and the legislature of 1899-1900 would have to be ignored. On the occasion of this extraordinary legislative session, any man who was not a member of the notable body which met in Atlanta in November of 1884 will be a rank outsider.

The legislature which met that year probably contained in its membership greater prominence in the state as any legisla-

tive body which ever met in the state.

Legislature Grady Adjourned. That was the legislature which Henry W. Grady adjourned "In the name of the American people" on the occasion of the first election of Grover Cleveland as president.

Hon. W. A. Little, of Muscogee, was speaker of the house. United States Senator A. S. Clay was a member, as were Congressmen William B. Brantley, Charles L. Bartlett and former Congressman F. Carter Tate. Dr. W. H. Felton and Judge A. W. Fite represented Cobb county.

Judge W. D. Ellis Was One of Fulton's Representatives.

Ex-Governor Joseph M. Terrell at that time represented Meriwether. Colonel Stevens, now a member of the railroad commission, was the "Gentleman from Terrell," and Thomas Eason, formerly a member of the prison commission, was the "Gentleman from Telfair."

To bring the survivors of this notable gathering together again is the plan of the gentlemen who met with Judge Russell. They will be communicated with by letter, and if a favorable response is received as is anticipated, they will meet during the winter in Atlanta and discuss current events, and quid, "possum and old times."

FARMERS' CONGRESS MEETS AT RALEIGH

Over 500 Delegates Attending Convention.

Col. Benahan Cameron, President of Congress, Makes Annual Address—Ambassador Bryce Present at the Sessions.

Raleigh, N. C., November 4.—The Farmers' National Congress had a busy day and night tonight. The report is that over thirty states are represented with an attendance of between 500 and 600. The addresses of the morning were heard by an audience of about 1,500 in Pullen hall, at the Agricultural and Mechanical college, where there were welcome addresses on the part of the college by Dr. D. H. Hill, its president, and by Governor W. W. Kitchen for the state. The responses were by Hon. Joshua Strange, of Marion, Ind., and Dr. Paul Barringer, president of the Virginia Polytechnic Institute. Then came the address of Hon. Hilary A. Herbert, of Washington, former secretary of the navy, and of Hon. James Bryce, British ambassador to the United States.

Afternoon Session.

In the afternoon there was an address by Dr. S. A. Knapp, director of demonstration work, United States department of agriculture, who spoke on the paramount issues in agricultural life. J. Hampton Moore, representative from Pennsylvania, and president of the Atlantic Deepwaterways Association, spoke on the need of better transportation facilities in this country, and showed how the need could be met with water transportation, his address being a plea for more attention and larger appropriations for waterways.

The annual address of Colonel Benahan Cameron, of Raleigh, president of the Farmers' National Congress, closed the afternoon session. In it he set out what the congress had done in the past year, and made recommendations for its future work.

The congress on Friday will visit Durham to inspect the tobacco industry. Greensboro, to go through the great cotton mills, and the Guilford battleground. This trip is given by the Durham and Greensboro chambers of commerce. The congress will be in session here through Tuesday.

"CORN LICKER" CAUSES PELLAGRA

As Well as Other Products of Cereal.

Is Statement Made at Conference Being Held at Columbia. A Permanent Organization Formed by Physicians at the Meeting Last Night.

Columbia, S. C., November 4.—Not alone corn and the ordinary products of food made of that cereal, but the distilled spirits of grain, "corn liker," plays an important part in the cause of the dread pellagra, was declared here today at the second day's session of the national conference on pellagra by more than one of the distinguished physicians in attendance. And upon these men who are met to investigate what to this country is considered a "new" disease there is a growing conviction, according to several of the speakers, that pellagra already is making its ravages upon horses, cows, hogs, etc., as well as human beings.

The National Association for the Study and Prevention of Pellagra was formally organized here tonight at the conclusion of a two days' conference on pellagra, attended by more than 300 physicians, the first meeting of national scope held in this country for the study of this disease. Dr. J. W. Babcock, superintendent of the South Carolina State Hospital for the Insane, Columbia, was elected president of the association; Dr. William A. White, superintendent of the United States Hospital for the Insane, Washington, D. C., vice president, and Dr. George A. Zeller, superintendent of the State Hospital for the Insane, Peoria, Ill., secretary-treasurer. Later a vice president for each state interested in the movement was elected.

The first annual pellagra congress to be held under the auspices of the association is scheduled for June, 1919, in Peoria, Ill., which city was chosen without a contest.

WHITMAN TO PAY THE DEATH PENALTY

Negro Was Convicted of the Murder of Vonderau Kennon.

Athens, Ga., November 4.—(Special.) Bud Whitman, colored, under sentence of death for the murder of young Vonderau Kennon in this city on September 25 and then throwing his body in the Oconee river, decided this morning to talk a little. Up to this time he has denied any knowledge whatever of the killing. He is to be hanged tomorrow morning unless steps should be taken to get him a reprieve.

He now says that a white man did the killing. He says that a man who traveled around with Gypsies and who passed through Athens about that time was seen with Kennon that afternoon and that night this man got him and Sam Osborne to take Kennon and himself across the river. When they got across the river just above the old Check factory the two white men got out of the buggy. This Gypsy traveler was standing with his hand on Kennon's shoulder and suddenly struck him with a weight and killed him. He then paid Whitman and Osborne to carry the body down to the river and throw it in. Whitman says the man threatened to kill him and Osborne if they ever told it and that was the reason he did it. He said it was the officers place no credence in Whitman's statement, but will look into it thoroughly. Sheriff Jackson went down to Washington, Ga., this afternoon to see Sam Osborne, who is serving a life sentence in the penitentiary.

KNEE TO ANKLE A MASS OF HUMOR

Suffering Simply Indescribable—Had to Scratch Till Blood Ran—Health Undermined from Lack of Sleep—Gave Up Hope but

CUTICURA FREED HIM FROM SKIN-TORMENT

"About seven years ago a small abrasion appeared on my right leg just above my ankle. It irritated me so that I began to scratch it and it began to spread until my leg from my ankle to the knee was one solid scale like a scab. The irritation was always worse at night and would not allow me to sleep, or my wife either, and it was completely undermining our health. I lost fifty pounds in weight and was almost out of my mind with pain and chagrin as no matter where the irritation came, at work, on the street or in the presence of company, I would have to scratch it until I had the blood running down into my shoe. I simply cannot describe my suffering during those seven years. The pain, mortification, loss of sleep, both to myself and wife is simply indescribable on paper and I have had to experience it to know what it is.

"I tried all kinds of doctors and remedies but I might as well have thrown my money down a well. I would dry it up for a little while and fill me with hope only to break out again just as bad if not worse. I had given up hope of ever being cured when I was induced by my wife to give the Cuticura Remedies a trial. After taking the Cuticura Remedies for a little while I began to see a change and after taking a dozen bottles of Cuticura Resolvent, in conjunction with the Cuticura Soap and Cuticura Ointment, the trouble had entirely disappeared and my leg was as fine as the day I was born. Now after a lapse of six months with no signs of a recurrence I feel perfectly safe in extending to you my heartfelt thanks for the good the Cuticura Remedies have done for me. I shall always recommend them to my friends. W. H. White, Mgr. Label Dept., Typo. Union No. 2, 312 E. Cabot St., Philadelphia, Pa., Feb. 4 and Apr. 13, 1909."

CAROLINA TOWN SWEEP BY FIRE

Residential Section of Cherryville Is Practically Reduced to Ashes.

Charlotte, N. C., November 4.—Fire, which had its origin in sparks from the locomotive of a passing freight train, destroyed the residential section of Cherryville, Lincoln county, this afternoon, entailing a loss of more than \$15,000.

The sparks ignited a barn and swept by a high wind reduced to ashes practically every home in the village, all substantial two-story structures. A wide gap between the doomed dwellings and the business section is all that prevented the town from being wiped from the map. The town has no fire-fighting apparatus and was at the mercy of the flames.

SHE ELOPES AT 13; WANTS DIVORCE AT 17

Wife Says Husband Carried Love Letters in His Pockets.

Because, according to his wife, he unwisely carried in his pockets letters from several admiring lady friends, E. H. Dunaway, an insurance man, with office in the Temple Court building, is now being sued for divorce, as well as for permanent and temporary alimony.

In her petition which was filed yesterday, Mrs. Dunaway says that she eloped with her husband in 1905, when she was but 13 years of age. She ceased to live with him on October 5, last, after having found in his pockets letters from women. In these letters, it is alleged, were many endearing terms. Confronting her husband with these letters, Mrs. Dunaway is alleged to have charged him with faithlessness, which charges he did not deny. She sets out that she immediately left his house, and is now living with her parents.

She is represented by Attorney Madison Bell.

PLENTY OF FOOD FOR AMERICANS

No Grain Will Be Imported in Years.

Some Day Increase of Population Will Overtax Ability of Farmer, but That Day Is Far Off—Sec'y Wilson Looks for Big Increase in Wheat Crop.

Washington, November 4.—Some day the steady increase of population in the United States is bound to overtax the ability of the farmer to provide for its sustenance; but that day is very remote, according to Secretary Wilson, of the agricultural department. Nor will it be necessary in the immediate future to import grain for bread, notwithstanding the doleful predictions of some publicists. Everything depends upon the disposition of the American farmer to make the most of the resources of his land, and to improve his methods of agriculture in accordance with the needs of the people.

The secretary is in an optimistic mood just now, and he points to the figures of the crop production showing that the value of the American farmers' output for one single year aggregated the enormous total of seven and a quarter billion dollars.

That was for the calendar year 1908, but the secretary was confident that, having in mind the higher prices of the present, the total for this year would certainly be as large or perhaps larger.

More Wheat to Be Grown.

The prospect for a great increase in the production of wheat is excellent, in the opinion of Secretary Wilson, and for two reasons, first, the greatly enhanced market value of that staple would surely tempt the American farmers to plant more wheat, and, second, thanks to the discovery of the possibility of growing durum wheat in the large part of the country hitherto regarded as unavailable, there would be a great addition to the total of the annual crop.

Last year no less than sixty million bushels of durum wheat were grown in the United States, and Dr. Galloway, who is making a special study of the possibilities of this new grain, seconded the secretary's hopeful view of the situation by interjecting the remark that at twenty-one stations in the west investigators were ascertaining the conditions best adapted to its growth.

Durum is a Siberian grain, peculiarly fit for soils where there is but a small amount of moisture present. The agricultural department was so confident that it will grow well west of the 100th meridian in the northwest, which means anywhere west of the Dakotas, and in the semi-dry regions of eastern Washington and Oregon.

"Soil Robbery" Being Practiced.

But the department does not like the methods that are being pursued by the growers. "Soil robbery," exclaimed Dr. Galloway, and the secretary assented to the designation. Great syndicates are farming tracts of ten thousand acres in wheat, planting the crop again and again, without regard to the necessary rotation that would insure the soil against exhaustion.

That was one of the things the secretary had in mind when he said that better farming methods would be required to produce the wheat that the American people would need. He pointed out as worthy of imitation the European practice, where on lands that had been farmed for ages, food grains were steadily and profitably grown. The secret was in the rotation; a tract would be divided into at least three parts, and the best portion planted in wheat, the second best in barley and the third in oats. The following year the wheat would be shifted, and legumes and grasses would be also grown to enrich the soil. In that manner the farms were kept at a high standard.

No More Dollar Wheat.

"Will American wheat go below one dollar again?" Secretary Wilson was asked.

"Probably not," he replied, "but there is no telling what might follow such a disturbance in the industrial and financial world as we had in 1907, and should we again meet such a crisis, it is possible that there would again be 88-cent wheat."

VIOLATED POSTAL LAW.

Inspector Made Threats on a Postal Card.

Chattanooga, Tenn., November 4.—An unusual case, involving a possible violation of the United States postal regulations, has developed in this city. The postal authorities here have summoned City Sidewalk Inspector F. A. Frawley to answer a charge of violating the regulations of the department because of postal card notices which he has sent to certain citizens, notifying them to comply with the city sidewalk ordinance, or suffer the prescribed penalties. One of the cards was forwarded to Washington by a local man, and it has been turned over to the United States attorney with instructions to begin action. The regulation in question is that governing the sending of threatening letters by mail.

MAN SLAYER SAVED BY UNWRITTEN LAW

Jury Thought Claycomb Justified in Killing Wrecker of Home.

Gallatin, Mo., November 4.—Believing Otis Claycomb, a young farmer, was justified in killing the man who wrecked his home, six members of the Daviess county grand jury refused today to vote indictments against him for killing John Ward, a wealthy land owner, August 24, last. Claycomb was given his liberty.

Claycomb killed Ward for taking Mrs. Claycomb away from her home and six children. Ward was sixty years old, and Mrs. Claycomb 35.

"Words cannot express my gratitude to Cardui," writes Mrs. M. J. Scott, of Wellborn, Tex. "It has been the means of saving my life. I took it according to directions, and I am now a well woman and do all of my own work."

"The lump in my right side has entirely disappeared, although several physicians said I could never recover without a surgical operation. Everybody thinks it a remarkable cure."

"Before I took Cardui I suffered the most excruciating pain that anyone ever experienced and had almost given up to hopeless despair. What Cardui did for me it will do for others. I will continue to praise it as long as I live, for I consider it the finest medicine ever discovered, for all female ailments."

Cardui has achieved wonderful success in chronic cases of womanly ills, similar to that of Mrs. Scott.

ON BRANCH BANKS

HART PUTS BAN

Does Not Apply to the Branch Offices.

Interesting Decision Given Out of Desire of Tennessee Banking Company to Establish a Branch in Georgia Without Securing a Georgia Charter.

Branch banks within the state of Georgia are not only not authorized by the law but are clearly in violation of the state law, declares Attorney General Hart, in a written opinion to State Treasurer Brown, replying to a request for legal information on this point.

The letter of Hon. J. Pope Brown, state treasurer, grew out of an application from a Tennessee banking firm to establish a branch bank in Georgia, without being incorporated under the laws of this state. Judge Hart holds that this cannot be done.

Moreover, he declares, that to be incorporated in Georgia, a bank must have paid in capital stock of at least \$15,000. One bank with such capital, even ten times that much, cannot organize a branch bank in the same city or in any other city. It may open a branch office at which deposits may be received. Separate banks, however, with separate names, and a separate directorate and list of officers, cannot be established as a branch of the original chartered bank. This decision will prove of very general interest throughout the state. It calls attention anew to the law on this subject and to the protection thus afforded the public from wild-cat banking.

The decision of Judge Hart follows:

Text of Decision.
"October 28, 1909.
"Hon. J. Pope Brown, Treasurer, Ex-Office State Bank Examiner, State Capital.

"Dear Sir: I am in receipt of your letter of the 23rd instant, in which you propose a number of questions relative to 'branch banks' and ask for my official ruling thereon.

"1. Does the law of Georgia authorize the establishment by a regularly incorporated bank of branch banks or offices in the same town or city as that in which its principal office is located?"

"I know of no law in Georgia which authorizes the establishment of branch banks in towns or cities. An office for the convenience of the public for making deposits is not a 'branch bank.'

"2. Does the law authorize the establishment by a regularly incorporated bank of branch banks in towns or cities other than that of its principal office?"

"I know of no law which authorizes the establishment of branch banks in towns or cities other than that of its principal office, and as stated in No. 1 above, nor in towns or cities in which its principal office is located.

"3. If branch banks are lawful must they operate under the name of the parent bank as a branch thereof, or may the branch bank hold itself out to the public as a bank under a name different from that of the parent bank?"

"As stated in 1 and 2, I know of no law authorizing the establishment of branch banks. To permit a bank incorporated under the laws of Georgia, says as the bank of A, to establish in the towns of B, C, D, etc., banks as branch banks and calling them 'the bank of B,' 'the bank of C,' 'the bank of D,' having a separate president, separate board of directors, and having no capital stock paid in, is subject to the criticism of being not only unauthorized by law, but is in violation of law.

Could Evade Responsibility.

"The laws of this state do not permit a bank to operate unless it has at least \$15,000 of capital stock actually paid up, and as stated, to permit a bank in one county to operate a dozen or more holding itself out as a separate and distinct organization, in violation of law and a deception to the public. In fact it is no more probable that these operators have deceived themselves, for it is very likely that in the event of the failure of a bank so operated, the president, directors, etc., could be held personally liable as a partnership or association and made responsible in the event of loss personally for the entire amount of the loss.

"4. Should branch banks, if lawful, have a separate board of directors and separate officers from the parent bank, or are they merely administrative agencies of the parent bank under control of the same officers and directors as the parent bank?"

"This question is answered in the preceding one.

"5. May regularly incorporated banks with a minimum capital stock of \$15,000 operate branches without any additional capital stock?"

"This question is likewise answered above.

"6. Under what circumstances, and to what extent may regularly incorporated banks establish branches under the law of Georgia?"

"Likewise answered supra.

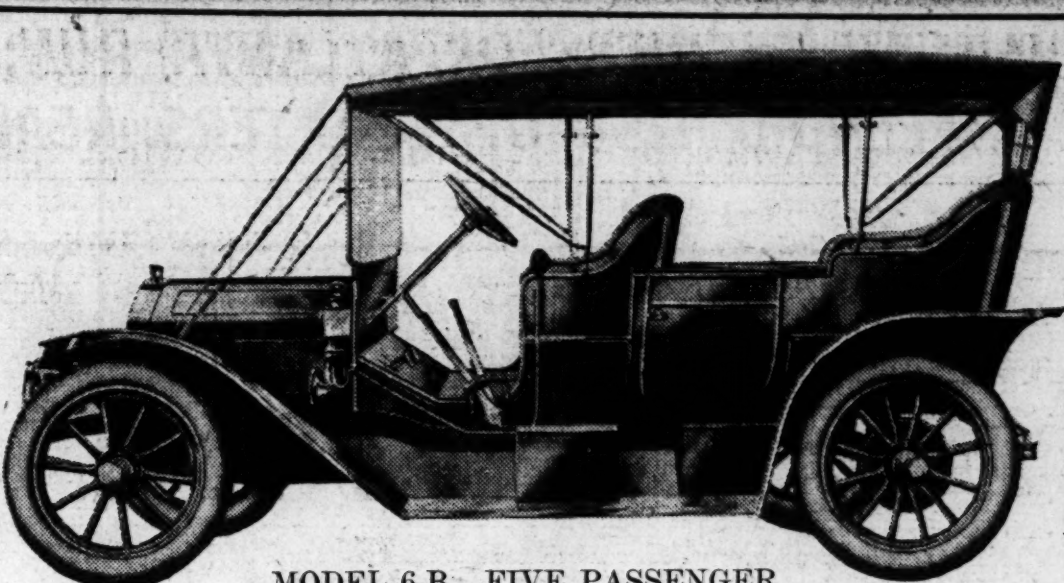

Application From Tennessee Bank.

"Application has just been made by a Tennessee banking association to establish a branch bank in Georgia without incorporating under the laws of Georgia or putting in any additional money in this state. May they do this?"

"This inquiry but serves to illustrate where we will be led if the practice is allowed to grow permitting a bank to be incorporated under one name and allowing it to establish banks indiscriminately without putting up any additional capital. I should advise, therefore, that you answer, the foreign bank will not be permitted to establish a bank under such conditions as is desired. Banks are desirable things if good and solvent and should be encouraged by the state, but even banks are not desired if their only means of sustenance are such deposits as a confiding public may entrust to their safekeeping. Behind every bank there should be a guarantee that the deposits are safe, in the form of at least of money subscribed and paid in by stockholders and pledged to meet its creditors and depositors. Banking is not a game at which adventurers should be allowed to play. Banking is a business involving the public welfare and in which the capitalist and the day laborer are alike interested. If a bank may be incorporated as the Bank of A, located in Atlanta, Ga., with a capital stock paid in of \$15,000, and be allowed to establish a branch in any other part of the state, without any additional capital, we would have the remarkable spectacle of our entire banking business resting upon an ultimate guarantee of only \$15,000. To state the case argues the absurdity of any such scheme. I beg to remain,

"Yours very truly,
"JOHN C. HART,
"Attorney General."

NEAR TRAGEDY AT TAFT PARADE

Aviator Owens Almost
Killed at Savannah.

While Trying to Follow Taft
Parade His Airship Became
Unmanageable—His Motor
Broke and He Was Nearly
Killed by Electric Shocks.

Savannah, Ga., November 4.—While attempting to follow the automobile parade at the head of which President Taft rode through Savannah tonight, Fred Owens, an aviator had a thrilling experience in a dirigible balloon, narrowly escaping death.

With Aviator Vaughn, his partner, in another airship riding a hundred feet away, he sailed from Forsyth Park extension while a big government searchlight blazed on the air craft. Vaughn had no difficulty with his machine, but just as the two airships turned in behind the parade and 200 feet in the air, a connecting wire on Owens' motor broke and the motor stopped. A high wind was blowing, and tossed the helpless airship upwards to 1,000 feet and drove it towards the Savannah river and the ocean.

Owens fought hard trying to reconnect the wire, but repeated heavy electric shocks soon taught him not to touch the wire and he resigned himself to the wind. He was "lost" for fifteen minutes while the searchlight sought in vain for him and thousands of persons scattered to the river banks and the outskirts of the city to render him aid should he fall. Several times he was almost swept from his seat, but the airship finally was brought down in safety in some railroad yards east of the city. Except for the shocks, Owens was unhurt and his machine was little damaged.

The dynamite was placed upon a huge traveling crane in process of erection. The detonation following its explosion was heard for ten miles, and the great steel beams of the crane flew into the air, crushed and bent like cardboard.

6 to 0.

MERCER ELEVEN WINS HANDILY

Defeats Chattanooga at
Macon by Score of
10 to 0.

Macon, Ga., November 4.—(Special.) Mercer decisively defeated Chattanooga University in Macon today by the score of 10 to 0. The score was a surprise to the Mercer supporters, as Chattanooga held Howard to a tie, and Mercer was defeated by the Howard eleven. Owing to the president's address at the fair grounds, the game was played in the middle of the day; but, despite the warm weather, the game was fiercely fought to the last by both teams.

Mercer—Grice, center; Gillespie, right guard; E. Poole, left guard; Dunnaway, right tackle; Scoggin, left tackle; B. Poole, right end; Brown, left end; Binlon, quarter; McDaniel, right half; Mosley, left half; Jacobs, full back.

Chattanooga—Trotter, center; Hall and Ray, right guard; Stanley, left guard; Broxton, right tackle; Winfield, left tackle; Morgan, right end; Brinkley, left end; Leonard, quarter; Skelton, right half; Rogers and Davis, left half; Madkins, full back.

Summary—Touchdowns, Binlon 1, Jacobs 1; time of halves, 25 minutes. H. Everett, Auburn, umpire; T. Fleming, Georgia, referee; R. H. Mason, Mercer, head linesman.

TECH IN SHAPE FOR AUBURN GAME

The Yellow Jackets have hit their stride again. They are once more in condition and of all the hard practices, the one at Tech flats yesterday afternoon was the worst. The scrubs fought the varsity like tigers and it was a tired bunch that left the field, only when it was too dark to see the ball for further play.

The Jackets are smarting under that 44 to 0 defeat handed them by Auburn last year and are going to do everything in their power to avenge it this year. They believe that they have a chance with Auburn and are crowding all the extra steam on possible to get in their best shape.

The scrimmage yesterday was the last one before the game. Signal practice only will be held today, as Coach Heisman does not want to take any chances with having his men injured on the eve of the battle.

NAP RUCKER HERE, FAT AND PROSPEROUS

Nap Rucker, the best left-hander in the National League, and a Georgia boy, is in Atlanta. Nap is looking as fat and prosperous as a business man with a large business.
The challenge of J. E. Levi & Co. agents for the Reo car, has not been accepted as yet, according to the following communication, received from them last night:
"Up to 3 o'clock Thursday afternoon no contestant in the New York-Atlanta run has accepted the challenge issued in last evening's paper. The tourists received this challenge at 7 o'clock Wednesday morning at Commerce, Ga. There is no reason given, and we take it for granted that the Reo came through in better shape than any car in the run, regardless of price, as our challenge states.
"The car arrived in Atlanta and was on exhibition in the show rooms of J. E. Levi & Co. immediately after the run. It was not touched by anyone and the hood has not been lifted since the car arrived. The thousands that have viewed this car last evening and the comments that were heard stamp it as the greatest product of the season of 1910. This car has been ready for the market for two years, and its running proved the Reo 'mightier than ever.' It will be on exhibition at 222-224 Peachtree street, and will remain in Atlanta quite a while."

WEATHER RECORDS ARE THREATENED

Mercury Reaches the 78 Degree Mark During the Day.

"Fair and slightly warmer" as a weather forecast doesn't sound anything like a record-breaker, but for all that, there is an excellent chance that a record of more than thirty years' standing may be today broken.

Tired of doing ordinary stunts, the mercury got busy yesterday and bobbed up to the 78-degree mark, which is higher than it has soared any day in November since 1890. And only this once in the thirty-five years of the local bureau's existence has the second oyster month seen the mercury

THE GOPHER IS READY FOR AUTO WEEK.

cut such a caper. It was stated by the officials of the local bureau that there is an excellent chance that the November record of 82 will be beaten today.

"It looks more and more like circus day all the time, now," said the Gopher, "and it's going to be a whole week of circus days, beginning tomorrow."

"I haven't seen such a move on things here in quite a spell. The streets are already beginning to fill up; there are dozens of automobiles that don't 'live' here, running around the streets, and almost over a fellow, if he ain't careful."

"And by tomorrow—Whew! Why, by tomorrow night, they'll be coming in, and from then on a fellow's going to have to get plumb out in the country if he wants to take an extra long breath, for he won't have room in town."

"But, for all that, just watch us Atlantans do ourselves proud when it comes to entertaining all them folks. We'll do it to a queen's own taste, or you can put Billy down for an awful fool."

SEABOARD GIVEN TO ITS OWNERS

System Is Turned Over by the Receivers.

The Transfer Occurred Last Night in Baltimore—General Manager Hix Received and Receipted for the Property. Assets \$12,000,000.

New York, November 4.—Following a protracted session of the directors of the Seaboard Air Line railway today, this statement was issued:

"A meeting of the directors of the Seaboard Air Line railway was held today in anticipation of the turning over, tonight, of its property to the company by the receivers. S. Davies Warfield, one of the receivers of the said company, and chairman of the executive committee, gave the directors the circular which the directors had ordered to be sent all the employees provided that until further notice all persons who at the time of the transfer were officers or employees of the receivers, are continued as the corresponding officers and employees of the Seaboard Air Line railway, with corresponding titles and the same compensations and duties as at present, the purpose being to maintain the organization which has produced such excellent results during the receivership."

"Several of the directors said that the matter of electing a new president did not come up for formal discussion today. The meeting of the stockholders will be held at Petersburg, Va., November 11, when some action as to a new executive may be taken."

Where Transfer Occurred.
Baltimore, November 4.—The transfer of the Seaboard Air Line railway from its receivers to the directors of the company took place in the office of the receivers in the Continental building, at 8:30 tonight.

General Manager Hix received and receipted for the physical properties, and Treasurer Nutt and Secretary Porteous, of the railroad company, the other assets, amounting to about \$12,000,000, the bulk of which represents the proceeds of the sale of \$18,000,000 of adjustment 5 per cent bonds.

Out of this, the company will pay approximately \$11,400,000, being the amount of the receivers' certificates outstanding, and floating debt. Payment of the receivers' certificates will begin next Saturday at the Continental Trust Company, Baltimore, and at the banking house of Blair & Co., New York.

BENEFIT FOR YOUNGS AT THE LYRIC TODAY

Friends Come to the Aid of the Popular Theater Man.

Jack Youngs' benefit is scheduled for the beautiful Lyric this afternoon, when a special performance of "The Eye Witness" will be given for the sick theatrical man's benefit. There is a good deal of sentiment to this event, for Youngs wrote the first press matter for this show about eight years ago, when he was connected with the producing firm that gave the success to the public.

Youngs is very well liked in Atlanta. He came here four years ago to work for the Wells interests, and was transferred to Montgomery. He served faithfully there, and was assigned to Knoxville, and then again to Chattanooga, and finally to New York, where he is now in the Grand box office, where he made hundreds of admirers, he was sent to Montgomery to manage the theater. His health failed and last May he was brought here and has since been in a private hospital for tuberculosis.

COURTLAND D. CRAMP ON VISIT TO ATLANTA

He Says Auto Week Has Done Much to Advertise Atlanta.

Courtland D. Cramp, of the well-known firm of William Cramp & Sons, ship-builders and engine-builders, of Philadelphia, reached Atlanta yesterday, having come down to enjoy the races during automobile week. He is an automobile enthusiast and in addition to the sport which will be derived from the races, wished to get a first glimpse at the 1910 models, which the big manufacturers of the country will show for the first time at the Auditorium-Armory, in Atlanta.

Mr. Cramp said a large number of Philadelphians will reach Atlanta this afternoon on the special being run by the Southern and Seaboard to bring the New York crowd to the opening of the show.

He declared the events of Automobile Week have done more to advertise Atlanta throughout the country as a live, progressive city, than almost anything that has happened here in years.

Mr. Cramp is registered at the Aragon.

COHEN HEAVILY FINED FOR SELLING NEAR BEER

Charged with selling near beer without a license, keeping an open door on the Sabbath day and violating the prohibition law, M. Cohen, a merchant of 103 Decatur street, was arraigned before Recorder Broyles yesterday afternoon, and heavily fined in the first two cases.

For dispensing near beer without a license, Cohen was fined \$500.75, with the alternative of a stockade sentence of thirty days. For a violation of the Sunday ordinance, he was fined \$25. The charge of violating the prohibition law was dismissed.

Cohen is now under bond in a case pending in the court of appeals in which he was fined \$500 and thirty days by the recorder for the alleged offense of keeping whiskey at his place of business.

Divorce and Prohibition.

(From The Portland Eastern Argus.)
The annual report of Dr. Young, registrar of vital statistics, shows that 887 divorces were decreed in Maine during the past year, an increase of 100 over the year preceding. The wife was the libellant in 532 divorces, and the husband in 255 cases. Among the chief causes of divorce, intoxication comes second after desertion. For intoxication the husband was the libellant in eleven cases, and the wife in 105 cases. Nearly one-seventh of all the divorces during the past year were the direct product of confirmed drunkenness. A curious and significant temperance exhibit for the home state of prohibition.

OFFICERS FARMERS' UNION HOLD FINAL SESSION

Macon, Ga., November 4.—(Special.) The work of the executive officers of the Farmers' Union was not concluded until late this afternoon. The convention held till a late hour last night, but important executive matters kept President J. L. Lee, National Representative R. F. Duckworth and a few other important representatives in Macon for the conferences, as to the courses to pursue in the light of what has been made possible by the convention.

Their work will take them into more important affairs, since what they must do now will largely affect the course of the union for the coming year. The present convention has done more to show up what union pride in farming can do than anything else. In many cases local unions have shown this time the increase in crops where interest has been manifested, and President Lee and the higher officials will take these incidents and information with them on their missionary tour of the state.

PLANTER ASKS FOR HELP. Wants Protection From Raids by Night Riders.

Louisville, Ky., November 4.—Jackson being quiet for the present, Mason county has again taken the stage center, and one of its residents has called for troops as protection against night riders. The applicant is Ben Longenecker, whose young daughter, some nights ago, held back attacking night riders at the muzzle of a Springfield rifle.

Longenecker has made his call through the department of the adjutant general, but the information at Frankfort, the state capital, is that when the sheriff of Mason county offered Longenecker protection, the farmer refused to tell who was threatening him. For this reason, it is said, Governor Wilson is disinclined to send troops to Mason just now.

Mr. Murphy will rejuvenate the relic and convert it into a 'bus, which he will use in transporting people to and from the race track at Hapeville.

Vegetable Suspension Bridge.

(From The Wide World Magazine.)
A remarkable suspension bridge spans the River Apurimac in central Peru. The ropes of this bridge are composed of pliable roots and vines, while the planks are made of branches. In the humid climate of Peru it would be by no means extraordinary if this vegetable bridge were one day to start growing.

Gay Young Blades.

From a crowd of rah-rah college boys celebrating a crew victory, a policeman had managed to extract two prisoners.

"What is the charge against these young men?" asked the magistrate before whom they were arraigned.

"Disturbing the peace, yer honor," said the policeman. "They were givin' their college yells in the street an' makin' trouble generally."

"That is your name?" the judge asked one of the prisoners.

"Ro-ber-ber Ro-ber-ber," stammered the youth.

"I asked for your name, sir—not the evidence."

MISS LOUISE DUBOSE MARRIES MR. HAZELHURST

The marriage of Miss Louise Dubose, of Athens, and Mr. Robert Hazelhurst, of Macon, took place yesterday in Athens, at the home of the bride's mother, Mrs. Louise Derrell Dubose, on Prince avenue.

Dr. William H. Young, of Decatur, Ga., performed the ceremony, which was witnessed by relatives and intimate friends, and there immediately followed the wedding breakfast.

Mr. Brown Wimberly, of Macon, was the best man and only attendant, and the bride was given away by her brother, Dr. Marion Dubose. She wore an exquisite toilette in white crepe meteor, embroidered in white chrysanthemums and draped in rose point lace. Her veil was caught with orange blossoms and she carried a shower bouquet of white roses and valley lilies. The decorations throughout the old colonial home reflected the artistic taste of the bride, the prevailing flower being the chrysanthemums and showers of valley lilies. In the drawing room where the ceremony took place, before a bank of palms, the decorations of bamboo and white flowers were in harmony with the woodwork of old ivory, and the gold framed mirror. The latter were partially veiled in asparagus fern, and the crystal chandeliers were showered in fern and white tulle in which were caught sprays of valley lilies. On the mantel were banks of fern through which the blooms of white chrysanthemums showed. In the hallway the paneled walls were almost concealed by sprays of autumn-tinted bamboo and the library formed a background for masses of yellow and white chrysanthemums.

In the dining room where, buffet style, the elegant breakfast was served, the enchanting carnations and valley lilies were artistically blended in the decorations. From the chandeliers hung a shower of lilies over the table having as a centerpiece, the Toombs candelabra, a tree-shaped design in silver, in the branches of which were unshaded waxen tapers; this centerpiece having fixated on the center of wedding tables in the Dubose family for several generations and having been used by General Toombs at memorable official entertainments during his regime in Washington.

Around the centerpiece were crystal vases holding the carnations and crystal baskets held pink and white cakes and bonbons.

Mrs. Dubose, the bride's mother, was elegantly gowned in pale gray satin, the corsage embroidered in silver. She was assisted in receiving by members of the family and a group of friends.

Mr. Hazelhurst's party accompanying him from Macon, were Mr. and Mrs. Frank Hazelhurst, Mrs. Lawson Brown, Misses Emily and Marie Hazelhurst, Mrs. Walter Harris and Miss Harris, Mr. George Snowden and Mrs. Henry M. Hutton. Other out-of-town guests included: Miss Marion Gross and Miss Belle Hanson, of Thomson; Miss White, of Sparta; Mrs. Baker, of Warrington; Mrs. Shelby, of Alabama.

The bride, as Miss Louise Dubose, was one of the handsomest young women in the state, and one notably talented and charming. Besides her active social duties she found time to render valuable service in movements patriotic, educational and industrial,

and her work has been of state as well as local importance.

Mr. Hazelhurst is one of the most popular of the young citizens of Macon, and has a host of friends wherever he is known. He is engaged in the cotton business, and returned last year from a successful business trip abroad where he was associated with a large cotton firm.

To Miss Hunnicutt.

A beautiful reception yesterday afternoon was that at which Mrs. J. E. Hunnicutt presented her lovely young daughter to a large number of her married friends, who called at 5 o'clock and after. Miss Hunnicutt is one of this year's debutantes, and is a lovely and cultured young woman, inheriting many of the charms and graces of her mother, who was Miss Olivia Hunnicutt, of New Orleans, where Miss Hunnicutt will be presented later in the winter.

Mrs. Hunnicutt's beautiful home was radiant in decorations of palms, potted plants, blooming plants, and a luxury of chrysanthemums in their varied color.

In the dining room the prevailing color was pink. The table had a bowl of pink chrysanthemums as centerpiece, and small vases of the same flowers at intervals on the table. The silver candelsticks had the lights of their tapers softened by shades of pink under silver flagrings. Silver baskets held pink cakes and bonbons, and the lace were in pink.

Assisting Mrs. Hunnicutt entertain were: Mrs. W. A. Wimberly, Mrs. Richard Elliott Miller, Mrs. W. R. Prescott, Mrs. W. E. Foster, Mrs. Floyd McRae, Mrs. John E. Murphy, Mrs. John Kiser, Mrs. John M. Slaton, Mrs. William H. Kiser, Mrs. H. E. Harman, Mrs. Louise Todd Thomas, Mrs. Frank Ellis, Mrs. C. R. Winslow, Mrs. C. E. Caverly, Mrs. Robert A. Smythe, Mrs. W. L. Peel and Mrs. Henry DeGue.

Serving punch and coffee was a group of pretty girls: Misses Alice May Freeman, Nellie Kiser, Tracey L'Engle, Elizabeth Morgan, Adele Holliday, Annie Sykes Rice, Miss Freeman was beautiful in a lingerie gown over pale blue silk; Miss Stewart wore light blue silk, embroidered in gold; Miss L'Engle wore pink embroidered mull. Miss Holliday wore white lace over blue silk; Miss Rice was becomingly gowned in pink.

To Mrs. Phinizy Calhoun.

A beautiful affair was the luncheon at which Mrs. A. W. Calhoun entertained yesterday in honor of her daughter-in-law, Mrs. Phinizy Calhoun, the party numbering twenty, and including Mrs. Calhoun's bridesmaids and a group of young married friends. The decorations and minor details all reflected the artistic taste of the hostess, and the occasion was characterized by a charming hospitality.

The guests were seated at two different tables; one radiant in decorations of yellow chrysanthemums; the other in the beautiful white-blossoms. Venetian glassware, etched in gold, was in the service on both tables, and white

Miss Belle Kearney.

Miss Belle Kearney, of Mississippi, was born on a large plantation in that great state and until the slaves were emancipated and enfranchised lived in luxury and at ease, the only daughter of parents who idolized her. But when the inevitable change came Miss Kearney proved that she could rise above adverse circumstances and meet the stern realities that faced the southern people with the indomitable courage manifested by her forefathers in the revolutionary war. "A Slaveholder's Daughter," written by this versatile woman, shows the good sense and energy of her character, and every day witnesses a larger and fuller development of these powers.

She was engaged by Mrs. Mary Harris to tour Georgia in the interest of the W. C. T. U. of Georgia, and beginning at Rome, she has visited the nearly every town and city in the state. She is now in Barnesville, where she will remain until Saturday, when she will come to the Gate City and will speak in the First Christian church Sunday afternoon at 2 o'clock, and at Dr. Broughton's Tabernacle at 7:30 p. m. At the Christian church she will speak along the line of Christian citizenship and at the Tabernacle on "Woman in the Orient"—a appeal for missions as well as a temperance lecture.

The Englishmen Lose.

Philadelphia, November 4.—The pilgrims of England met their first defeat of their American tour here today when the Irishmen, the champions of the Pennsylvania League, beat them at Seccor by the score of 1 to 0. The visitors were without the services of four of their players, who are suffering from injuries received since their arrival in this country, and were obliged to play on the defensive during the greater part of the game.

BOYS' CLUB BUILDING

WILL BE AN XMAS GIFT

Work on the Boys' Club building is to be begun. The cornerstone will be laid upon Christmas day, if not before. President Rivers is pushing the matter to a white heat. The directors, the building committee and the executive committee are all cooperating with President Rivers, and the new building will be a Christmas gift to Atlanta boys.

The directors' meeting, which was held at President Rivers' office yesterday afternoon, was attended by nearly every one of the twenty-nine directors.

Committees were appointed to push the work of the new building, which will cost about \$50,000. A meeting has been called for this afternoon to perfect plans for the building.

The building committee is composed of E. Rivers, chairman; L. W. Rogers, Joseph D. Rhodes, Delos L. Hill, W. O. Foote, Hamilton Block and the executive committee.

The pledges for the building fund are to be made payable in four years without interest. Printed forms are now at the office of President Rivers.

SURVEY ON NEW ROAD REACHES CLEVELAND

Northeast Georgia Citizens Are
Enthusiastic Over Gainesville Midland.

Cleveland, Ga., November 4.—(Special.)—It now seems evident that northeast Georgia will have a railroad in the near future. The engineering corps, who are making a survey under the direction of the Gainesville Midland, are in camp a mile or more above Cleveland.

If this road should be built, it will open up a fine section of country. The proposed route will be run through some fine valleys of fertile farming lands, also there are large tracts of timber lands and undeveloped water power, besides pyrites and asbestos mining interests. The citizens are very enthusiastic over the road.

70-YEAR-OLD BRIDE TORN FROM 21-YEAR-OLD GROOM

Court Interferes With the
Honeymoon of the
Couple.

Hartford, Conn., November 4.—Judge Marvin, of the probate court, announced today that he would appoint a conservator for Mrs. Lucinda Treat Goddard, the 70-year-old bride of Charles R. Goddard, a Yale student, who but recently reached his twenty-first birthday.

The court said that Mrs. Goddard's changed attitude towards men and her marriage to a young man, "together present a picture of weakened judgment, lack of control of impulses, childish caprice and marked ethical insensibility, indicative of mental impairment and disease."

An appeal has been taken. At the incoming term of the criminal court young Goddard will be arraigned on a charge of perjury in giving his wife's age as 24 instead of 70 when procuring the marriage license.

ELECTRIC LINE PLANNED.

Swainsboro May Be First of the
Smaller Towns to Build.

Swainsboro, Ga., November 4.—(Special.)—Alfred Herrington, the popular and genial solicitor of the middle circuit, is figuring on an electric car line around this city to extend probably to some of the neighboring towns. Mr. Herrington, who practically owns Monte Sano, a suburb of Swainsboro, and who has a nice home there, is anxious to have the convenience of a car line extending to the city from his place.

A splendid road could be graded from Monte Sano into the city, and although the grading would be somewhat heavy and the fills and cuts might resemble railroad grading, still Mr. Herrington is enthusiastic over this project, and thinks a car line could be built at a comparatively small cost and operated to an advantage.

MINISTER GIVEN HIS DISMISSAL

Three Charges Were
Held Against Him.

Rev. William Duncan, Former
Pastor Associated Reformed
Presbyterian Church, Char-
lotte, Wrote to Nurse While
Wife Was Dying.

Charlotte, N. C., November 4.—With three charges of unministerial conduct against him, the first presbytery of the Associate Reformed Presbyterian church, in session at Back Creek, voted to grant a certificate of dismissal to Rev. William Duncan, formerly pastor of First church, this city. The case has been before the various presbyteries of this section for a year, and originated with sensational charges which embodied letters written to the nurse of a local hospital, while the minister's wife lay on her deathbed in the institution. Rather than stir the church with the scandal, which seemed inevitable, the presbytery today voted to quietly dismiss the offending minister, with the privilege of affiliation with some other denomination.

Woman Buys Aeroplane.
Hammondsport, N. Y., November 4.—Mrs. H. A. Arnold, who has a large estate on the Florida coast south of Jacksonville, has contracted to purchase an aeroplane for \$7500. The machine is to be built at once, as Mrs. Arnold desires to learn to fly this winter while she is at her Florida home.

NORDICA IS WORKING TO BREAK AUNT'S WILL

The Famous Opera Singer
Wants a Part of the
Estate.

Cambridge, Mass., November 4.—The question of breaking the will of Mrs. Vannie F. Allen, of Malden, and the reapportionment of the property valued at \$150,000, among several relatives including Mme. Lillian Nordica, the opera singer, was taken under advisement today by Judge Rugg, of the supreme court.

Madam Nordica, who is one of the contestants of her aunt's will, testified today that she had been practically promised a portion of her aunt's estate by the latter several years before her death.

Mrs. Allen gave most of her property to charitable organizations.

PICKENS COUNTY HOLDS BIG AGRICULTURAL FAIR

Corn Exhibits Said to Have
Been Finest Ever Seen in
North Georgia.

Jasper, Ga., November 4.—(Special.) Pickens county held its first agricultural exhibit today at the courthouse. The corn display was good, said by many to be the best corn exhibited anywhere in all north Georgia. Mrs. Laura Allen won first prize for the best corn; J. D. Dorsey, second prize for corn, and several smaller premiums on cotton, corn, potatoes, cabbages, etc. F. A. Mitchell secured the best stalk of cotton.

Congressman Bell delivered a speech on agricultural lines to the large crowd of farmers. More than one hundred bales of cotton was sold on the streets of Jasper today, bringing as high as 15-14 cents. Farmers are happy and plenty abundant.

All we need now is a move in the direction of good roads, which is statewide. Our farmers will, no doubt, hold these fairs every year, and much good will result.

ROOSEVELT FIREARMS FURNISHED BY FOX

Former Atlantan Supplied the
Shotgun Equipment for
Teddy.

Thomas W. Jackson, a well-known business man of Atlanta, has received a clipping from his friend, G. F. Hoffman, of Philadelphia, concerning a former Atlantan who is now in the public eye.

The clipping referred to is from The Financial Bulletin of Philadelphia, and will particularly interest those in Atlanta who recall Mr. Fox as a former citizen.

The Bulletin says: Colonel Roosevelt has paid the A. H. Fox Gun the highest compliment ever attributed to a firearm of American manufacture. In October Scribner's he says:

"In addition, I had a Fox No. 12 shotgun. No better gun was ever made." This is the only instance in which he pays specific praise to any firearm he took with him, and is certainly a high tribute to American brains and skill.

For years the English gunmakers have outclassed the world in production of fine guns, and their skill has never been surpassed until the Fox shotgun was invented. The Fox was the only shotgun Colonel Roosevelt took with him.

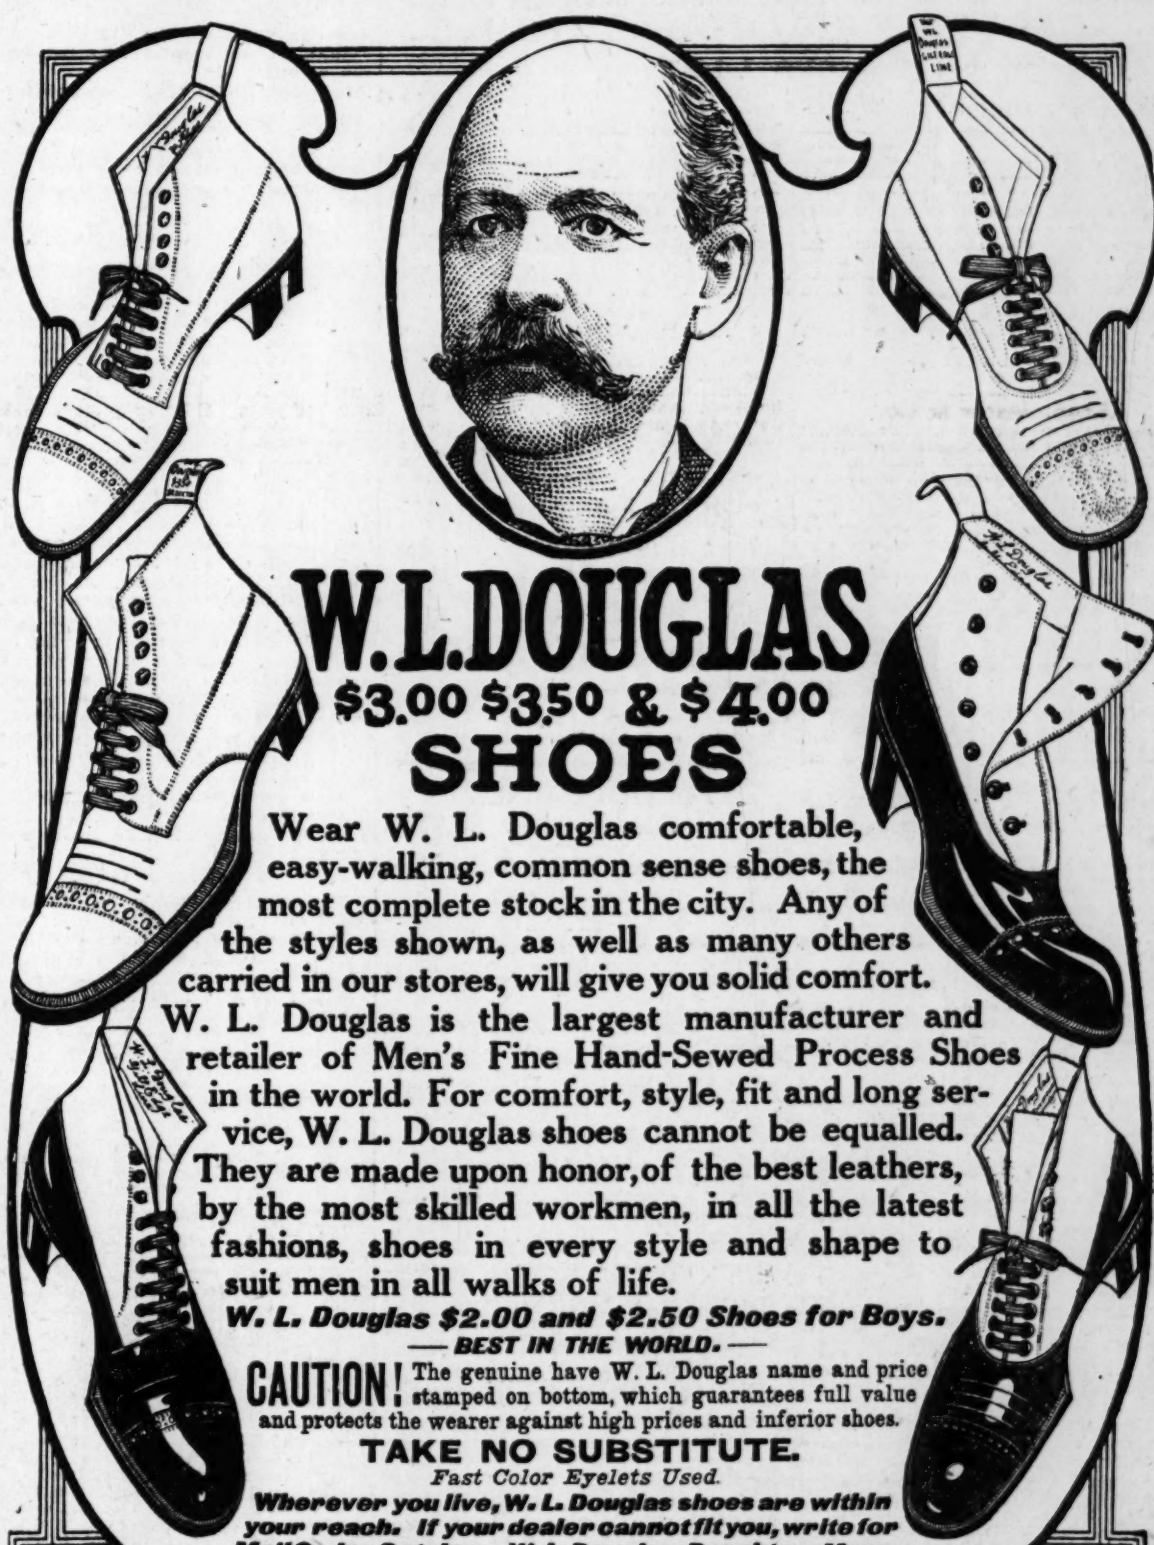

SYRIANS MAY BECOME AMERICAN CITIZENS

So Decides United States Judge
Hutton in California
Case.

Los Angeles, November 4.—The right of a native Syrian to become a citizen of the United States was upheld today by Judge Hutton, in the superior court of Los Angeles county, against the efforts of the federal authorities.

The court ruled that a Syrian was not a Mongolian, but of the Aryan race, and hence could not be barred from citizenship. The government will appeal to the federal courts.

It was contended that George Shishim, a Syrian born in Lebanon, owed allegiance to Turkey, and hence should not be classed as a Mongolian.

The Source of Cottolene Is Pleasing

From the snowy tufts of the cotton plant, the seed is removed, crushed, and the oil extracted. This in turn is refined by our own special process and the oil made odorless and neutral in taste.

Being a vegetable product, cottonseed oil is free from any possible taint of animal infection. You cannot be absolutely sure of this when buying hog lard, for fats of animal origin are, of necessity, not as healthful as fats obtained from vegetable sources. Right there is the difference between lard and Cottolene from the standpoint of health.

If every housewife would but stop to think of the difference in purity, cleanliness and healthfulness of hog lard and Cottolene, lard would never again be used in any home.

COTTOLENE is Guaranteed

Your grocer is hereby authorized to refund your money in case you are not pleased after having given Cottolene a fair test.

Never Sold in Bulk Cottolene is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

FOR THE CLUB MEMBER VISITING NEW YORK

The Hotel St. Regis, at Fifth Ave. and Fifty-Fifth St., is Most Conveniently Situated.

There are upwards of fifty important clubs in New York, some having thousands of members and none having less than several hundred. Club life is a marked feature of existence in New York, and becomes more marked during the cooler portion of the year, and he who belongs to several of these organizations never need complain that time hangs heavy on his hands if he is socially inclined. Added to the active membership of all New York clubs are honorary, associate and non-resident lists, comprising hundreds of residents of other cities and towns. These non-resident members take a keen interest in club festivities and attend them whenever they are able to come to the city.

At such times it is important for them to locate themselves conveniently to the club house. To all such visiting club members the Hotel St. Regis, at Fifth Avenue and Fifty-Fifth Street, appeals with peculiar force. It is within a few blocks of many of the most celebrated New York clubs, and is within seven minutes' ride of all of them. It affords the same atmosphere of refinement and seclusion that one finds in the best clubs, and its "table" is famed as being unsurpassed in this country, and fully the equal of the best restaurants of London and Paris. Charges are no higher than at any other first-class hotel. Room rates are likewise reasonable: \$3 and \$4 a day for a large, handsomely furnished single room; \$5 a day for the same with private bath for \$6 a day for two people; and \$12 a day for a two-story elegant suite consisting of parlor, bed room and private bath.

HIGH PRICE OFFERED FOR COTTON SEED

Thirty Dollars Per Ton Being Paid by Oil Mills at Americus.

Americus, Ga., November 4.—(Special.)—Three thousand dollars was refused this afternoon by an Americus farmer for the surplus cotton seed from his crop, he having one hundred tons for sale.

Americus mills offered \$30 per ton today for cotton seed, the highest price ever offered for that commodity. Farmers are selling cotton seed in considerable quantities, tempted therein by prevailing high-price offers.

CHALONER HOLDS UP AUTOMOBILE

Makes Chauffeur Lead Frightened Horse.

Divorced Husband of Amelie Rives Takes Advantage of the Virginia Law, Making Chauffeur Render Aid.

Coham, Va., November 4.—John Armstrong Chaloner, divorced husband of Amelie Rives, now Princess Troubetzkoy, and brother of Lewis Stuyvesant Chanler, former democratic candidate for governor of New York, and who, a year or more ago, was exonerated by a jury for the death of John Gilliland, who was shot and killed in a scuffle with Chaloner in the Merrie Mills, Chaloner's home in Albemarle county, today held up an automobile loaded with passengers on a public road, at the point of a revolver. He forced the chauffeur to descend and lead his horse, which had become frightened, around the machine and out of the way of danger.

This is the first time that the Virginia law requiring a chauffeur to render aid in such contingencies, has ever been enforced in such a drastic measure and by a private citizen.

Chaloner maintains that the revolver, which, he says, he is in the habit of carrying, was unconcealed.

THEATERS

At the Grand.
Charles Dillingham will present Fritz Scheff at the Grand tonight and Saturday matinee and night in the new comic opera, "The Prima Donna," written for her by Henry Blossom and Victor Herbert.

The piece has just completed a long run at the Knickerbocker theater, New York, and it is said to be the most successful musical play Madame Scheff has yet had as star. The authors have again gone to France for the locale of the play, as they did in "Mlle. Modiste." Miss Scheff's former great success. This time she appears as Mlle. Athene, reigning prima donna of the Opera Comique in Paris, and it is said that this gives her unusual opportunities dramatically, as well as enabling her to use her voice.

While on an automobile trip her machine breaks down, and she takes refuge in a cafe chantant on the outskirts of Paris. She there hears the musical director berating a sick singer because she cannot appear, and Mlle. Athene (Fritz Scheff) impulsively volunteers her services in the sick girl's place. A young lieutenant from the neighboring barracks falls in love with her in true, rapid comic opera style, and she is insulted by his captain. This forms the basis for Mr. Blossom's plot.

At the Orpheum.

It has been a notable fact at the Orpheum this week that the attendance has steadily increased, and there could be no higher tribute to the merit of a bill than that it grows in popularity. There are few acts in vaudeville more pleasing than El Coto, the great xylophonist; the Five Mowatts, lightning jugglers; Al Carleton, the "sad" comedian; Violet Black and company, in their great "Subway" stunt. Next week, the six flying Banvards, the world's most daring aerial act, is an added attraction on a special bill arranged for Atlanta's Big Auto Week.

"Charlotte Temple."

A century ago Charlotte Temple, a young girl, left her parents in England and sailed for America in the company of a lieutenant in the English army. The experiences, trials and tribulations of this beautiful girl during the ensuing year were so extraordinary that in the year 1860 Mary S. Rowson secured all existing information and wrote the history of this young girl's life, and as a result, thousands of young people have read same and been advised of the pitfalls that engulf the unwary. The play by that name appears at the Lyric next week.

Mantell.

Shakespeare at his best is the promise made by Robert Mantell for the entertainment of the thousands of visitors to Atlanta during Automobile Week. The Mantell productions are the de luxe presentations in the field of the classic drama. They are complete in every detail, special regard being had for dramatic consistency and completeness in production. Wherever Mr. Mantell has appeared he has been received by large and enthusiastic audiences, and it is expected that the audiences during the Atlanta engagement will be no exception to the rule.

Mr. Mantell has just completed a two-week engagement at the Chestnut Street Opera house, Philadelphia, where he gave different Shakespearean and other classic plays during the fortnight.

The repertoire for the week in Atlanta follows: Monday night, "Macbeth"; Tuesday night, "Hamlet"; Wednesday matinee, "Romeo and Juliet"; Wednesday night, "Richard III"; Thursday night, "Othello"; Friday night, "King Lear"; Saturday matinee, "Merchant of Venice"; Saturday night, "Richard III."

GREAT SPEED SHOWN BY THE NORTH DAKOTA

She is the Fastest Ship of the Dreadnaught Type Afloat.

Rockland, Maine, November 4.—The North Dakota is the fastest battleship of the Dreadnaught type afloat, as well as one of the two most powerful battleships in the world. Her screw standardization tests over the Rockland measured mile course today developed a maximum speed of 23.25 knots an hour, an average of 21.83. Both marks are in excess of the best performances of either her sister ship, the Delaware, or the Bellerophon, the leading Dreadnaught of the British navy.

Cotton Oil Pays Dividend.

New York, November 4.—The directors of the American Cotton Oil Company, which has plants in sixteen different states, today declared an annual dividend of 8 per cent on the common stock, an increase of 2 per cent over last year.

Buffalo Adopts the Commission Plan.

Buffalo, N. Y., November 4.—Late returns show that the Des Moines plan of city government by commission was adopted in this city. It is estimated that the proposition has been carried by a vote of more than 3 to 1.

DIES FROM INJURIES RECEIVED IN GIN

Jno. Walker, of Stephens County, Was Crushed While Fixing Belting.

Toccoa, Ga., November 4.—(Special.) John Walker, of Stephens county, was caught in the belting of his gin yesterday and fatally injured, his injuries resulting in death today.

Mr. Walker was endeavoring to put some belting on a wheel, which was in motion, and in some way became entangled in the belting, which immediately carried him up to the ceiling and crushed him against it. The engine was stopped as soon as possible, but too late to prevent his injuries. Dr. Davis of Toccoa, was summoned immediately, and found that in addition to internal injuries, both legs were crushed below the knee.

Do You Suffer from Piles or Hemorrhoids?

Hemorrhoids, commonly called Piles, cause untold agony to the victim. If neglected, the condition always grows worse with every attack, until the only recourse is an operation. You may think that you are predisposed to piles, and that nothing you can do will prevent them, but this is not true. The one certain cause of Piles is constipation, and if you will keep your bowels open and regular by taking Smith's Pineapple and Butternut Pills you will not only avoid this painful and dangerous disease, but your whole general health will greatly improve.

A torpid, inactive liver goes hand in hand with constipation. Smith's Pineapple and Butternut Pills are composed of the two great vegetable agents, pineapple for the stomach, liver and gastric secretions, and butternut for the mucous membrane, circulation and bowels, and always give best results—they are Nature's own laxative. Physicians use and recommend. They form no habit. You should always keep them on hand. These little Vegetable Pills will ward off many ills.
